# SALUTE

TO YEAR I  
IN  
HAMILTON-WENHAM  
REGIONAL HIGH SCHOOL  
HAMILTON, MASSACHUSETTS  
1963

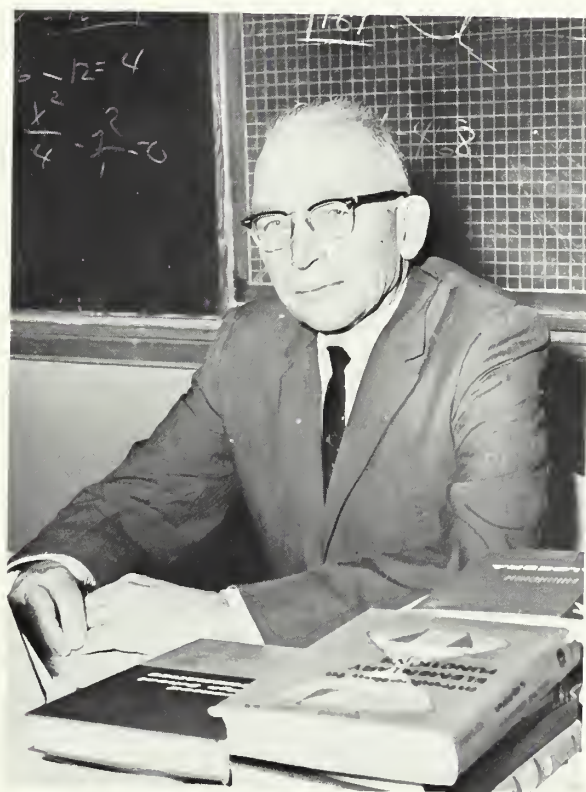

## FOREWORD--MARCH!

Because this region is well known as the home of General Patton, we wish to carry out the theme of military life, which has already shown itself in the name given our athletic teams — the Generals.

As the first graduating class from our new Regional High School we should like to salute all those who have made this, our last year, possible — especially, our superintendent, Mr. Young; our principal, Mr. Coffin; the school committee; and all the sacrificing citizens of Hamilton and Wenham.

We present this yearbook, *Salute*, in gratitude to you.

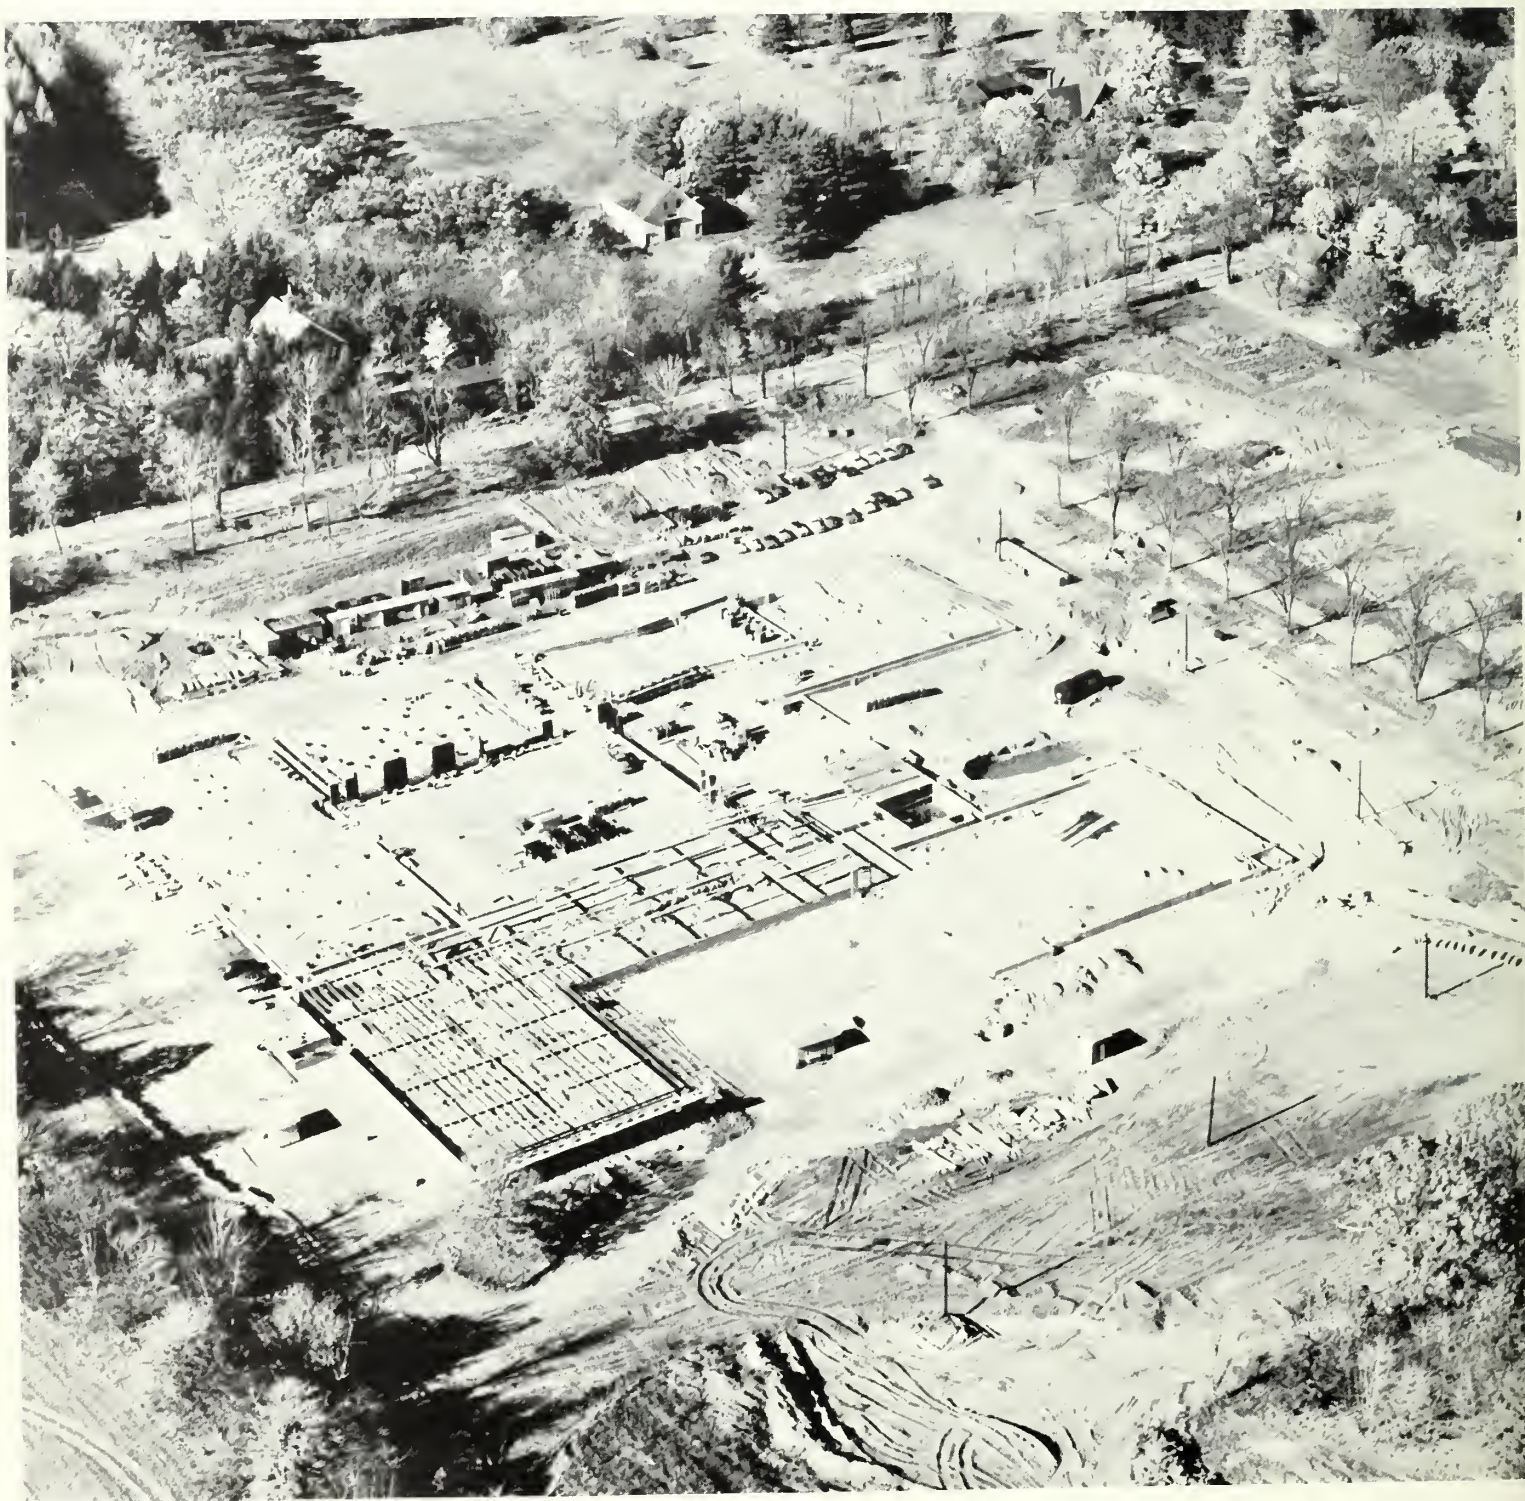

A  
MEDAL OF HONOR  
To

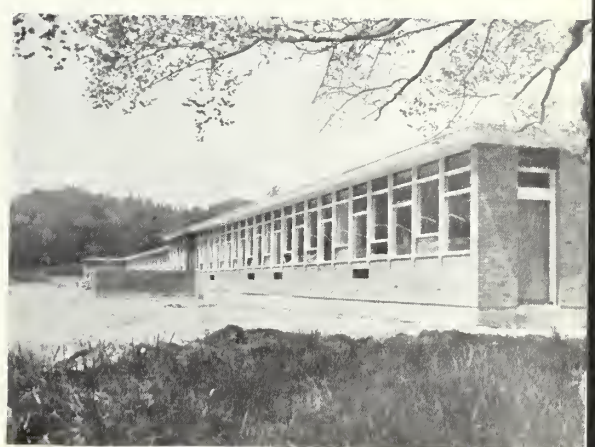

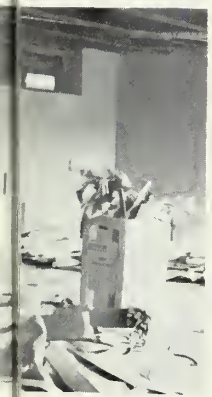

In admiration of your patience, sincerity, thoughtfulness, and genuine concern for your students, and in appreciation of your instruction as our teacher and of your guidance as our Math Club advisor — all of which reflect the true spirit of Hamilton-Wenham Regional High School — we, the Class of 1963, in sincerest respect and gratitude, dedicate our yearbook, *Salute*, to you —

## HAMMOND A. YOUNG

To the members of the Class of 1963:

Senior classes always have special distinctions and leave particular memories. You have the honor to be the first to graduate from the Hamilton-Wenham Regional High School. You will lead the way.

May each of you assume your role of leadership with courage, individual responsibility, and pleasure; and may the rewards of your diligent labor be found in friendship, service, and personal success.

## PETER N. COFFIN

Best Wishes to the Class of 1963 — Success and happiness do not necessarily go together, for each word means a different thing to different people. If you always do your best and always work to help other people toward greater happiness, then you yourself stand the best chance to live a full and rewarding life.

*Peter N. Coffin*

## HORACE S. MARTIN

My hope is that whatever you do or wherever you go, you see things and events in their proper perspective. Get to know yourself and learn how to live with yourself by being satisfied with what you have and making the most of it, and by constantly setting up new attainable goals for yourself.

Be tolerant and understanding of others and their point of view, do not try to please everyone, live each day as though it were your last, and, above all, keep your sense of humor.

As you ramble on through  
life,  
Whatever be your goal,  
Keep your eye upon the  
doughnut,  
And not upon the hole.

Assistant Principal

## DONALD MACDIARMID

Our new school is already full of hustle 'n' bustle. New standards are going to be set and there will be many kinds of new achievement. But what will enable us to be most productive will in all probability be our values-system. We must find time each day to be as friendly, cooperative, and courteous with one another as we can, as often as we can. If we succeed, we shall have achieved that very precious thing — human relations based on mutual respect and affection.

# AUDIO-VISUAL CLUB

*Front Row:* Mark Horsman, Alan Clarke.  
*Second Row:* David Ketcham, Robert Bourassa, Jim Whitney, Robert Jenner, Phil Piotrowski.

The Audio Visual Club is designed to teach students how to operate such equipment as tape recorders, record players, and various types of projectors. The students who learn to run these machines under the direction of Mr. Demars operate them during the school day for other teachers.

After a student has learned to operate the machines, he is awarded a card, signed by Mr. Demars, signifying that he is a qualified operator. Each student has to pass a manual examination to receive a card.

The club was designed to help both the school and the student. The student gains the knowledge of how to run the machines and also a general idea of how the machines run. The school benefits by this, because the students help the teachers with the equipment or run the equipment for them.

The Debating Club is engaged in weekly debates as well as in the Saturday tournaments. Also, there are practice matches with nearby league schools and within our own club.

The coaches are Mr. Paul C. Staples and his assistant, Mr. Trygve Christensen. Also, members of the Social Studies Department have assisted our Regional Debating Club.

The Future Nurses Club is a newly formed organization under the direction of Mrs. Maybury, our school nurse.

The purpose of the club is to bring together high school students interested in careers in nursing and health, to share their interests, to explore opportunities and requirements in these fields, and to learn about community life in which students will soon participate as informed citizens.

The girls attended Open House at Beverly Hospital. Here the student nurses revealed the life of a nurse in training. The group also had a tour of the hospital and the nurses' home.

Many of the club members aided in the local Polio Clinic in January.

Future plans include touring several North Shore hospitals and sponsoring a community project.

During the year faculty members participated in meetings by speaking and taking part in panels.

This problem usually concerns a controversial question in current events. *Paideia* is a Greek word meaning exchange of ideas. It was unanimously adopted as the name of the club after its suggestion by Mr. Gary Baker, teacher-advisor.

The officers of the Paideia Club were elected as follows: President, James Hall; Vice-President, Paul Dunn; Secretary, Pat Hatfield.

Many activities for 1962-1963 were planned. Included was a field trip to the Boston Museum. The Paideia Club has proven to be both popular and interesting. It is certain to be one of the main extra-curricular activities at the Regional in the future.

Just as recognition is given to the athletic achievements of the various sports teams, there is much recognition given to the Math Team. At the end of the year an award of \$100 is given to the highest-scoring senior, and other \$50, \$40, and \$30 awards are given to the next three high-scoring students, respectively.

## PEP CLUB

The Pep Club of Hamilton-Wenham Regional High School is new, like our school. At present we are a small number of girls, but we hope to have some new members next year. Our group meets, when and where we can, to discuss the games and how we can promote school spirit. We don't always go to the games as a group, but you will find us scattered about, cheering for our team. Our purpose is to promote more school spirit and good sportsmanship at games and everywhere. We hope that each person will do his part to make our Pep Club an important part of our new school.

They are chiefly a planning committee that hope to include in their program provisions for a strong intramural program as well as a varied interscholastic one. Topics under discussion for this organization will be award standards, money-making projects, and committees for welcoming visiting teams for all girls' and boys' athletic events.

Eventually it is hoped that members will be elected as class representatives, attaching to the office a degree of honor in selection.

A big step forward for the club is the Science Congress, a gathering of various conferences on the different fields of science. One may attend any conference he wishes. Recently the club sponsored a science fair. In this exhibit the students displayed and explained projects which they had worked on themselves. In the spring, field trips also will be taken by the members, possibly including a trip to Sagamore Hill Radio Observatory.

In their first competitive season the Regional harriers lengthened the old Hamilton High consecutive-win record to twenty-six wins. Led by a junior, Captain Richard Geikie, the team successfully defeated all Cape Ann challengers and then in the state meet ranked second out of thirty schools. With the exception of one senior, Bob Brindle, the team consisted of all underclassmen, who should continue their fine representation of the Regional. First-year coach Mr. Gary Baker, did a fine job and should be congratulated for the great team he produced.

The Hamilton-Wenham Regional Generals surprised many in their Cape Ann League debut with a four-and-three record. Led by a junior captain, Mike Pond, the team, although young and inexperienced, showed great promise for the future. The squad, consisting of sophomores and juniors, should easily revenge this year's loss to the arch-rival Manchester in the years to come. The Generals had great team spirit and were fine representatives of the Regional High School. Being evenly balanced with no great star, the Generals did have one great asset in a strong coaching staff, consisting of Head Coach, "Pepper Martin," and Assistant Coaches Gosse and Benoit.

Lack of experience and height took its toll in '63, as the Regional Varsity could muster only seven wins in sixteen games. Under the sharp eyes of Head Coach Sherman Kinney, the Varsity showed plenty of fight but a lack of basic fundamentals. With only two seniors and four juniors on the team, Coach Kinney was able to give several promising sophomores much needed experience. One of these sophomores, Bill Poehler, was able to make the starting five. Generals' fans should see a lot of him in the future. The Regional Varsity had no individual star, as scoring was well spaced.

# JUNIOR VARSITY BASKETBALL

The Regional junior varsity basketball team, under first-year coach Fred Hale, was one of the bright spots in Hamilton-Wenham athletics, compiling a thirteen-and-three won-lost record. Aided by only four sophomores, the freshman-studded team lost only to Masconomet and twice to Pentucket. Except for these three games, the junior Generals never felt too much pressure as most of them prepared for a 1964 varsity debut. After whipping Manchester quite decisively, the future Generals should dominate Cape Ann basketball for some years to come.

# FOOTBALL CHEERLEADERS

Absent — Janie Rowlands, Co-Captain.*

The football cheerleaders added much color and liveliness to all of our fall games. This year with the assistance of Elizabeth M. Vogel, their advisor, they arranged new cheers and decided on pert blue and white uniforms, which they made themselves. Besides their uniforms they had large blue megaphones with their names printed on them in white.

After practicing for many long hard hours, the cheerleaders gained precision in their drills and routines, which did much to lead the team on to victory.

The first season for the Hamilton-Wenham basketball cheerleaders can be looked back upon as a season of accomplishment and success. Many advantageous factors account for this. The new school inspired active participation by the students, who provided an enthusiastic cheering section at every game.

Most of the cheers used by the girls were entirely new, many thought up by the girls themselves, and many others contributed by Miss Vogel, their most capable advisor, and by Miss McKiel, freshman basketball coach — both former cheerleaders. Practice three times a week helped to perfect these new cheers and also to promote some sore muscles!

Many thanks go to Penny Winfrey, the girls' manager, who helped tremendously at every practice. Kim Heenan, five-year-old sister of Fay Heenan, was a great success as the mascot.

Though the team had a late start, Miss Kenyon, their coach, was pleased with their four games. The varsity, captained by Carolyn Thomas, won one game, tied two, and lost one. Susan Axtell and Carol Crocker made scoring goals. Miss Kenyon considers Heather Pedrick, the goalie, as the most valuable player for her many saves. Miss Kenyon feels confident that the '63 season will be bright.

The varsity basketball squad made an excellent showing this season. It won three games out of six. Even though there were many new rules, the forwards were able to work out many new plays, and the guards learned to operate smoothly.

Miss Kenyon was very pleased with the way the girls handled themselves during their games. Even though they lost some of them, they always observed the rules of good sportsmanship and courtesy. Next year the team should improve even more.

Some twenty enthusiastic freshmen girls, under their coach Alice McKiel, successfully competed to make the team. Before the official tryouts, over forty freshmen girls participated in various activities, ranging from outdoor exercises on a breezy fall day, to lay-up shot practice in the Winthrop School gym.

Our first and only game as a regular squad was with the junior varsity team. It was an exciting first half, and the girls played so well that it was decided to combine all three teams in order to afford more skilled competition within the league. The freshmen girls have displayed a great deal of basketball spirit throughout the season and were of considerable value to the junior varsity and varsity teams.
